Arnold Beissert Visits Home.

Arnold Beissert of Fort Sam Houston, San Antonio, visited his parents Mr. and Mrs. Hm. Beissert of Serbin the past week-end. He likes his army work and although connected with barrack work, he says he is ready to shoulder a gun any time he is called on. He was well appearing in his neat uniform, very typical of the American soldier and there is no wonder the woman in Ireland when she saw the American troops marching through her town said that each one looked like an officer.
