

*The Giddings News*

September 4, 1942

Leesville, La.

To The Giddings News.

Dear Mr. Bishop:

It gives me great pleasure to write to the Giddings News for the first time. We are now down here on the biggest Louisiana maneuvers, I made them last year. This section is so hot that some days we don't know what to do. I am in the 2nd Division, in the Cavalry motorized troops. I am in the army for 23 months and I like it just fine. So I will do my part to whip the Japs if get to them. Let us all do our part buying bonds so we get the Japs. Then we will keep our flag of the United States of America flying.

If any of you people in Giddings want to write to me, I will be more than glad to hear from you all.

I remain as one of the News readers.

Pfc. Arnold T. Beissert
