Mr. C. M. Bishop,
Editor Giddings News.

Dear Sir:

Another home town boy in service, ready to fight and defend our beloved country, this one in the famous "Seabees," and for your information, we are the base builders of our famous Navy.

There are thousands of us here in training, all enjoy the very best of everything.

Each of us can only add a word of praise, we all have our special rated jobs to do, not rookies but serious minded men. I have been assigned to the giant meat department here, and like my job fine. I was selected out of hundreds of men to fill this vacancy.

Good luck and continued success to the Giddings News and editor.

Thanking you, I am
Respectfully,

Arthur O. Gruetzner,
Batt. 36, Co. B. Plat. 4,
