LIKES ARMY LIFE

Dear Editor, and Friends in and around Giddings:

I was inducted in Houston Dec. 11, went to Camp Wolters, stayed for a couple weeks, from there to Camp Berkeley, and now I am here.

I am in the Medical Corps, really do like it, have enjoyed every day of my army life. I am still driving trucks, same old job, just different trucks.

One week ago, we went to a Rifle Range. There I had the chance to shoot five shells in an army rifle.

It's nice to be in Southern Calif., where you see nothing but fruit trees, but I hope that some day I can come back to Good Old Lee Co.

Good Luck to each and every one.

Sincerely yours,

Pvt. 1st Cl. Martin J. Leitko,
Co. "B" 57th Med. Bn.
