

The Giddings News

August 26, 1932

Prof. L. O. Kasper writes from Blue Hill, Nebraska, to hold his Giddings News as he and family are leaving for home this week. He reports a very pleasant trip this summer and yet has Texas air in his tires, although he traveled through ten states in the two months. It is very dry in the northern states and there has been too much rain in the mid-western states, he writes.
