

The Giddings News

June 19, 1931

**RETURNED
FROM CALIFORNIA**

Dr. and Mrs. Rost, accompanied by "Uncle" Charlie and O'Han Rost, returned Friday of last week from a trip by automobile to California. They report a most pleasant visit with relatives and a trip devoid of any troubles. They stayed in tourist camps at night and did not rush through, making the trip in slightly more than four days each way. O'han had the time of his life, the former Giddings folks out there keeping him on the go all the time. Times are reported tight out there. Most salaried men have had their pay cut, besides the working days per week cut. Many have been laid off.
